I hereby authorize Dr. Hassan and any associates to perform a root canal on
Tooth / teeth number(s):_____
The doctor has explained to me that the purpose of this procedure is to retain teeth that may otherwise have to be extracted. The doctor has explained to me the treatment and the anticipated results of the treatment. I understand that this is an elective procedure and that there are alternative treatments and the doctor has explained the risks and benefits of the alternatives. I also understand that root canal therapy has a very high success rate, but the doctor has not guaranteed or warranted a perfect result.
The doctor has explained to me that there are certain potential risks in the procedure.
These include:

1. Inability to completely fill the root canal because the canal is calcified or has a unique curvature (this may require endodontic surgery or extraction of the tooth)
2. Infection that may occur and may continue, requiring further endodontic surgery or extraction
3. Fracture or breakage of the root or crown portion during or after treatment
4. Inadvertent breakage of files or instruments within the root canal system that is unable to be retrieved
5. Perforation of the tooth during treatment
6. Damage to existing fillings, crowns or porcelain veneers

Unforeseen conditions may arise that may require procedures that are necessary to finish treatment. A referral to a specialist mid-treatment may be needed depending on those unforeseen conditions. I authorize the doctor and any associates to perform such procedures when, in their professional judgment, deem the procedures to be in my best interest.
I understand that the medications, drugs, anesthetics and prescriptions taken for this procedure may cause drowsiness and lack of awareness and coordination. I further understand that drugs and anesthetics may cause unanticipated reactions, which might require medical treatment. I also understand that I should not consume alcohol or other drugs at the same time because they can increase these effects. I have been advised not to work and not to operate any vehicle or machinery until I have fully recovered from the effects of the medications.

Please do not hesitate to ask the doctor or the staff if you have any questions.
